

The *EE Global Asia Regional Workshop on Energy Efficiency* will focus on integrating effective policies and business practices to create actionable plans for the next generation of energy efficiency. Speakers from all regions of the world will share replicable best practices and policies on driving energy efficiency to scale.

The Alliance to Save Energy is proud to bring its successful EE Global series to Asia through this ACEF pre-conference workshop. EE Global is an exclusive forum that convenes hundreds of international decision makers from government, business, academia, and NGOs to develop worldwide partnerships and share energy efficiency best practices.

8:30 – 9:00 Registration

9:00 – 9:10 Opening Remarks

- Tom Dreessen, Chairman and CEO, EEPIC; Chairman of the Alliance to Save Energy’s International Committee and member of its Board of Directors

9:10 – 9:20 Welcome Remarks

- Woonchong Um, Deputy Director General, Regional and Sustainable Development Department, Asian Development Bank

9:20 – 10:30 **Small Steps to a Smaller Footprint: Creating Sustainable Cities**

*How are local officials overcoming financial, political and technological barriers to improve the efficiency of their cities?*

This first session will establish framework “think global, act local.” Speakers will talk about applying sustainability through urban planning case studies. Discussion will center on building awareness, improving transparency and educating the public to overcome these barriers.

Moderator

- Laura Van Wie McGrory, Vice President, International Program, Alliance to Save Energy

Panel Speakers

- Barbara Finamore, Director of China Program, Natural Resources Defense Council
- Irfa Ampri, Director, Fiscal Policy Office, Ministry of Finance, Indonesia
- Reina Garcia, Program Coordinator, Institute for Climate and Sustainable Cities
- Alexander Ablaza, Principal Advisor - Energy Efficiency, Development Finance International, Inc.

10:30 – 11:00 Break

11:00 – 12:30 **Race to the Top: Becoming the Most Energy-Efficient Economy in the World**

*What policies and partnerships are successfully driving energy efficiency implementation at the national level?*

The next session moves the discussion from the local to the national level and focuses on energy policies that influence the economy. How can governments inspire innovation, reform regulations, and strengthen standards?

Moderator

- Amit Bando, President, International Partnership for Energy Efficiency Cooperation (IPEEC)

Panel Speakers

- Rehan Kausar, Project Administration Unit Head, SE Asia Division, ADB
- Koshy Cherail, President, Alliance for an Energy Efficient Economy
- Akihiro Kuroki, Managing Director, Institute of Energy Economics, Japan

12:30 – 2:00 Lunch Break

2:00 – 3:30 **Public-Private Partnerships: Bringing Government & Industry Together**

*How have public-private partnerships successfully unlocked energy efficiency investment and engagement around the world?*

The final session will discuss how government and industry are working together to implement energy efficiency and create sustainable communities.

Moderator

- Ann Quon, Principal Director, Department of External Affairs, Asian Development Bank

Panel Speakers

- Glen Plumbridge, Partner, Sustainable Development Capital, LLP
- Normand Michaud, Director of International Division, Econoler
- Jim Steele, Director of Electricity and Energy Efficiency, U.S. Department of State

3:30 – 3:45 Closing Remarks

- Tom Dreessen, Chairman and CEO Energy Efficiency Project Investment Company, Limited and member of Alliance to Save Energy Board of Directors

Proudly held in conjunction with:
